Welcome to Kuali Business Continuity Planning (BCP) System 2017

A secured, trusted, and backed-up website

Here is the link to the BCP:  https://uta.kuali.co/ready

When you open your web browser and have logged into the site, you may want to bookmark the site or you can go to your browser history and pick the website.

**Plan Manager:** if you need to add or delete a user, please do so in your plan and contact us so that we can grant access accordingly.

Once you access the page (see below), log into the system using your computer login/password combo:

Log in using your computer login/password combo
You are now ready to begin either creating a new plan or edit your current plan.

Don’t forget to Logout. On the top of each page there is a Logout option.

Questions or Comments: Emergency Management
